Author Index of Volume 17

Appleby, M.C. and Wood-Gush, D.G.M.
Effect of earth as an additional stimulus on the behaviour of confined piglets, 83

Balthazart, J., Libioulle, J.M. and Sante, P.
Stimulatory effects of the noradrenergic neurotoxin DSP4 on sexual behavior in male quail, 27
Brain, P.F.
Book Review of *Animal conflict* by F. Huntingford and A. Turner, 75
Braza, F. and San José, C.
An analysis of mother–young behaviour of fallow deer during lactation period, 93
Brown, J.A., *see* Colgan, P.W., 17
Bruhwyler, J., Chleide, E., Gueur, H. and Mercier, M.
Transformation of a waiting schedule into a temporal regulation schedule (DRRD) by addition of external stimuli in the dog, 117

Campan, M., *see* Trabalon, M., 107
Chichery, M.P. and Chichery, R.
Manipulative motor activity of the cuttlefish *Sepia officinalis* during prey–capture, 45
Chichery, R., *see* Chichery, M.P., 45
Chleide, E., *see* Bruhwyler, J., 117
Cloarec, A. and Joly, D.
Choice of perch by the water stick insect, 131
Clément, J.-L., *see* Trabalon, M., 107
Colgan, P.W. and Brown, J.A.
Dynamics of nest defense by male centrarchid fish, 17

De Bruin, J.P.C.
Sex differences in food hoarding behaviour of Long Evans rats, 191
De Rose, J.C., McIlvane, W.J., Dube, W.V. and Stoddard, L.T.
Stimulus class formation and functional equivalence in moderately retarde individuals' conditional discrimination, 167
Dienske, H., *see* Haccou, P., 145
Dube, W.V., *see* De Rose, J.C., 167

Eckerlin, A., *see* Millot, J.L., 1

Falter, U.
Book Review of *An introduction to Ethology* by P.J.B. Slater, 76
Filiatre, J.C., *see* Millot, J.L., 1

Gagnon, A.C., *see* Millot, J.L., 1
Getz, L.L., *see* Hofmann, J.E., 57
Gueur, H., *see* Bruhwyler, J., 117

Haccou, P., Meelis, E., Langeler, E.G. and Dienske, H.
Detection of low dose effects of psychopharmaca: application of a semi-Markov model to rhesus monkey behaviour, 145
Hall, J.W., *see* Newberry, R.C., 205
Heller, K.E., Houbak, B. and Jeppesen, L.L.
Stress during mother–infant separation in ranch mink, 217
Higa, J.J., *see* Hinson, J.M., 239
Hinson, J.M. and Higa, J.J.
Massed and spaced stimulus sequences in dimensional discrimination, 239
Hofmann, J.E. and Getz, L.L.
Multiple exposures to adult males and reproductive activation of virgin female *Microtus ochrogaster,* 57
Houbak, B., *see* Heller, K.E., 217

Isingrini, M. and Lenoir, A.
Colony recognition of larvae by young workers of *Cataglyphus cursor* (Hymenoptera, Formicidae) (Letter), 69

Jeppesen, L.L., *see* Heller, K.E., 217
Joly, D., *see* Cloarec, A., 131

Lamberty, Y., *see* Soffie, M., 181
Lange, C., *see* Trabalon, M., 107
Langeler, E.G., *see* Haccou, P., 145
Lefevre, J., *see* Trabalon, M., 107
Lenoir, A., *see* Isingrini, M., 69
Libioulle, J.M., *see* Balthazart, J., 27

McGrew, W.C.
Book Review of *Apes of the world. Their social behaviour, communication, mentality, and ecology* by R.H. Tuttle, 73
McIlvane, W.J., *see* De Rose, J.C., 167
Meelis, E., *see* Haccou, P., 145
Mercier, M., *see* Bruhwyler, J., 117
Millot, J.L., Filiatre, J.C., Cagnon, A.C., Eckerlin, A. and Montagner, H.
Children and their pet dogs: how they communicate, 1
Montagner, H., *see* Millot, J.L., 1

Newberry, R.C., Wood-Gush, D.G.M. and Hall, J.W.
Playful behaviour of piglets, 205

Ratcliffe, L. and Weisman, R.
Representation of conspecific song by chickadess: comparisons among embedded 'Fee Bees', 199

San José, C., *see* Braza, F., 93
Sante, P., *see* Balthazart, J., 27
Soffié, M. and Lamberty, Y.
Scopolamine effects on juvenile conspecific recognition in rats: possible interaction with olfactory sensitivity, 181
Stoddard, L.T., *see* De Rose, J.C., 167
Symons, L.A., *see* Wilkie, D.M., 229

Tees, R.C., *see* Wilkie, D.M., 229
Thon, B., *see* Trabalon, M., 107
Trabalon, M., Campan, M., Clément, J.-L., Thon, B., Lange, C. and Lefevre, J.
Changes in cuticular hydrocarbon composition in relation to age and sexual behavior in the female *Calliphora vomitoria* (Dipetera), 107

Van Elsacker, L.
Book Review of *Kin recognition in animals* edited by D.J.C. Fletcher and C.D. Michener, 77

Wallace, R.J.
Latancy measures indicate new place neophobia in *Rattus* species, 63
Weisman, R., *see* Ratcliffe, L., 199
Wilkie, D.M., Symons, L.A. and Tees, R.C.
Effects of intertrial reinforcers on rats' timing behavior, 229
Wood-Gush, D.G.M., *see* Appleby, M.C., 83
Wood-Gush, D.G.M., *see* Newberry, R.C., 205
